Customer Reviews

Abraham Lincoln is a great person to read about, and the author made him a better person to read about. The only reason I gave four stars is because near the end it just zooms through all the battles that happened, and it doesn't teach you enough about

GettysburgÃƒÂ Ã ÃœœÃ Æ'ÃƒÂ Ã ÃœœÃ Æ'

Greatli loved the book!!! It was amazing. I had to read it for school! It's was great! S s s

I was extremely disappointed in this book. The author has idolized Lincoln and criminalized all southerners and Steven Douglas in a way that is unbelievable. The author's constant referrals to the

behavior of Lincoln as to be heroic and perfect at all times is difficult for a normal person to believe. She continually presumes to know Lincoln's thoughts from the earliest age about what he wanted to be when he was a man and how he felt about slavery though his actions did not correspond with these great feelings of outrage toward it. According to the author, though he abhorred slavery and wanted to see it end immediately he did not pursue this in the early years of his governmental service because the rest of the country was not ready for it and it would go against his greater motivation of keeping the great nation of America united. Another example of how ridiculously exaggerated are her accounts of his life is when she describes a speech so eloquent and moving that the press who were present dropped their pencils to listen, forgetting to write it down. And even Lincoln himself was hard pressed to recall his own speech so we have no record of this speech only that it was the most powerful one many ever heard. How utterly nonsensical. If I am a member of the press it would be my greatest ambition to record an awe inspiring speech; not sit there dumbfounded. If you want to read of Lincoln idolized this is the book for you. If you want the truth and an honest representation of all the events, I recommend you move on!
