Customer Reviews

Founded in 1947, Hal Leonard Corporation has become the worlds largest print music publisher, representing some of the greatest songwriters and artists of all time. We are proud to publish titles of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.

I have been using this book for around six monthes now, and I believe that it is the best cello solo book out on the market. There are so many classics in this book, such as Dvorak, C. Saens, Chopin, Brahms, Tschikowski, and many other great composers to choose from. The pieces in this book range from a few easy pieces, to quite a few intermediate pieces, and an equal amount of advanced pieces. It is a great book for sight reading. It has greatly improved my playing, and I would highly recommend this book to any cellist who wants to improve, or just wants to learn some beautiful songs.

I ordered a used copy for less than half the listed price from an Seller. It arrived within days. I was disappointed with how the music is presented. I bought this book because I don't belong to any group. But all of the music is printed as piano music with the cello part in small print. The table of contents list the cello parts on pages that are not contained in the book. Who wants a cello book with no cello parts? Why doesn't the book mention that it's just the piano accompaniment? How do I get the copy with just the cello part? This frustrates me. I haven't played in a while and needed material that I could work on alone. But I don't want to strain my eyes the entire time.

I ordered this for my daughter. The description and the table of contents both indicate that it has 192 pages, but it is a reprint edition of ONLY the piano-cello arrangements with the cello part in a smaller staff above the piano part. Pages 129 to 192 are the cello parts only, and are NOT included in this edition, but that's the part she needs.

Wonderful collection of solos, ranging widely in difficulty.

Excellent collection of lyrical, beautiful solos!

The cello part insert, which the description explicitly states is included, was not included.

Great book for intermediate players. Some hard to find compositions. All these pieces for a great price. Hard to turn down.

Great cello solos for both practice and performance. Complete with piano accompaniment, thus book contains pieces for beginners and professionals alike.
