Look for my rankings and expert analysis in magazines such as Fantasy Football Index and Fantasy

Football Pro Forecast. Follow my mock draft teams in those expert leagues as well and in the FFPC Pros vs Joes competition. During the season, check out my advice in the weekly "Ask the Expert" column online at Fantasyindex.com.

Very good - really helped me understand and get started!!

Very Basic. A quick read.

this is my first year of FF and I bought Fantasy Football Basics by Sam Hendricks for some help. I was lucky enough to draft first. so far I am 2-0 with a killer team thanks to Sam. I do not live in the USA, I don't know a lot about NFL players, and have never played any Fantasy sport so Sam's book gave me a great start. I'll post more later in the season but so far I would not hesitate to recommend this book.

This book was perfect for covering the basic some books are more inclusive but if you're looking for just the basics starter information this book works perfectly

Really haven't had a chance to use it. Looked it over and found it would be helpful if I actually read it.

Very informative

A good book to read. Someone who has heard of fantasy football, but have never given a thought to play, may change their mind after reading this book. It'll make you curious about playing. Enjoy the book.

Easy to follow for a novice like me! I got lots of good information which helped me during my first Draft and now the first week of play! Thanks so much!
