Psoriasis: The Natural Treatment (Psoriasis Cure, Psoriasis Diet, Psoriasis Diet, Psoriasis Free For Life, Healthy)

Synopsis

Psoriasis - The Natural Treatment Today only, get this #1 .com bestseller for just \$2.99. Regularly priced at \$4.99. Read on your PC, Mac, smart phone, tablet or Kindle device. Discover everything you need to know about Psoriasis, this book that will reveal to you: * A full explanation of what Psoriasis is. * Mild Psoriasis Treatments. * Moderate Psoriasis Treatments. * Severe Psoriasis Treatments. * Scalp Psoriasis Treatments. * Nail Psoriasis Treatments. * Improving your life. * And much, much more! Psoriasis is an autoimmune disease of the skin which can affect any part of the body. This means that there is no external cause. The body mistakenly thinks that it is being attacked. It sends T cells which are responsible for fighting infection to the dermis which in turn rapidly produces skin cells. In effect, the body attacks itself. The most common result is what is known as plaque psoriasis which is characterized by itchy, silvery or red patches of skin. This book will give you a step by step guide on how to naturally treat Psoriasis, ways of improving your life and what to avoid when it comes to Psoriasis. Whether you have Psoriasis or know someone who has it, this book will help guide you to understand Psoriasis on a different level. I, Daniel James Sanders, truly believe in order to have a better life, you must let your body naturally heal itself through organic foods, oils and plants. My passion for people roots from my early childhood. Download your copy today!

Customer Reviews

This book provides great information about what exactly psoriasis is and the different ways to treat it. There was a lot of in-depth advice on what types of remedies could be used for treatment. I recommend this to anyone dealing with this skin condition and is seeking guidance.

treatment doesnt work controlled by diet no gluten, no nightshades, and no dairy

Lists some good things to try. I personally have found that diet has helped me most. I have cut out nightshade plants (capsicum, chillies, eggplant etc., no smoking, no alcohol, no bread, no more than 1 piece of fruit a day (as it's high in sugar). Every day I eat oats and cinnamon with water for breakfast, snack on tinned fish in water (not oil!), I have vegetables or salad with meat (chicken, steak, grilled fish) for lunch and dinner. I have been doing this for 4 weeks now and my psoriasis is reducing in size and severity.
