Perilous Trust (Off The Grid: FBI Series Book 1)

Synopsis

In PERILOUS TRUST, #1 New York Times Bestselling Author Barbara Freethy brings you the first book in a new romantic suspense series! OFF THE GRID: FBI Series offers five breath-stealing books filled with action-packed plot, heart-stopping romance, and page-turning suspense. It was one dark night that brought Damon Wolfe and Sophie Parker together. They were two tortured souls, looking for escape, and they weren't supposed to see each other ever again. Four years later, Sophie's FBI father, who is also Damon's mentor, is killed in a suspicious car crash after leaving Sophie a cryptic message to trust no one from the agency. When Damon shows up looking for her, she isn't sure if he's friend or enemy, but she knows he could easily rip apart what is left of her heart. The last thing Damon wants is to get involved with Sophie again. It was hard enough to walk away the first time. But she's in trouble, her father's reputation is under attack, and the lives of his fellow agents are at stake if there's a traitor in their midst. When someone starts shooting at them, they have no choice but to go on the run and off the grid. Everyone in their world becomes a suspect. They want to uncover the truth, but will it turn out to be the last thing they expect? Proving her father's innocence might just cost them their hearts and their lives. Check out what's coming next in the series! J: I am giving this one 2.3 stars only because I am only through about two thirds of the book. But so far it seems pretty slow, mostly about a previous encounter and not enough about the plot to hold my interest. I might try to finish it though, if I skip over most of this boring drama and just read the dialog. No more by this author.

I love all Barbara Freethy's books and this was no different. An FBI thriller was just what I needed and I loved Damon and Sophie. It was hard to put the book down and I can't wait for the next one in

the series about Bree to come out!

I loved the characters and didn't know who to trust til close to the end. I'm glad it ended the way it did. I'm looking forward to the next story in the series.

Enjoyable reading but not my favorite of her books. It definitely needs another proofing. There are lots of words missing in sentences.

I thoroughly enjoyed Perilous Trust! I didn't want to put it down and am now looking forward to reading the next book in this series.

Barbara Freeway is one of my most favorite writers. Every book gets you from page one to the very end. Excellent reading, can't wait for the next one.

Like peeling back layers of an onion figuring out what happened to Sophie's dad. Great read.ÃfÂ Ã Å,Ã â ^Ã Â•
