There is nothing that makes this an adult coloring book and all over the book is the website "coloringbooksforkids.com" - but it is just a poorly made piece of crap. About 15 pages of poorly coordinated graphics...no coherence...just like someone went over the internet, grabbed several Christmas line drawings and threw this crap together. It is so bad it has inspired me to make my own adult coloring books that are not just crap. This is a mess that should not have been published and whoever put this out should be ashamed of themselves.

Very disappointed this is not an adult coloring book the pictures are kid like and all most all colored in for you with black ink very little to color could color the whole book in ten min. Was not worth the price. Pictures are not at all like the one on the cover/ Very simple pictures.

This is more of a childs book. It was not worth buying the pages did not print off very clear when the book was made. If I was not disabled I would have sent it back.

Half the pictures in here were 2nd grade level at best. Seriously, don't waste your money. Just buy one at the dollar store. Really disappointed.

If I could have given this zero stars I would have. This is not what I would consider an adult coloring book. Pictures are very childlike and poor quality.

Not my favorite book at all! Pictures are printed on both sides of paper. There is lots of black in each drawing, making the picture rather hard to color or to look nice.

Not my favorite but it does have some very nice greyscale pictures. I'm submitting one (Santa in front of fireplace

Very disappointed! Pictures look like a children's coloring book from dollar store. Poor quality!
