Hacks For Minecrafters: Master Builder: The Unofficial Guide To Tips And Tricks That Other Guides Won't Teach You

Synopsis

From the author of *Hacks for Minecrafters* comes the most encompassing guide ever to the many amazing builds you can create in Minecraft! With more than 100 million registered Minecraft accounts and rights picked up by Warner Brothers for an action-adventure film in the style of *The LEGO Movie*, Minecraft is on its way to becoming the next big children's brand. This adventure series is created especially for readers who love the fight of good vs. evil, magical academies like Hogwarts in the Harry Potter saga, and games like Minecraft, Terraria, and Pokemon GO. While there are several successful game guides on the market already, this book will be the first unofficial "hacker's" guide dedicated to building and geared toward seven- to twelve-year-old Minecrafters. With *Hacks for Minecrafters: Master Builder*, kids will learn how to build the coolest stuff, including an underwater house, a pirate ship, and a fortified castle! Other tips will help gamers: Find the best locationsChoose their favorite styleLearn how to get started with foundations and wallsBecome landscaping expertsLearn how to decorate their living roomAnd much more! Packed with expert tips, cheats, and hacks on planning all types of buildings and with over one hundred screenshots, *Hacks for Minecrafters: Master Builder* shows exactly how the experts bring their amazing structures to life, from designing realistic roofs and exteriors to planning crenellated castle battlements. Detailed step-by-step illustrated guides will let every kid follow along to build their very own awesome castles, bridges, and farms and add the decor and landscaping details that bring their creations to life.

Customer Reviews

Megan Miller is a freelance writer and editor and has been playing video games since the olden days of the first Castle Wolfenstein. Since Minecraft 1.2, she's been throwing Ender Eyes to find strongholds, building sugar-cane pyramids, and looking for sneaky ways to kill mobs without getting killed herself in the process. She is also the author of Hacks for Minecrafters: The Unofficial Guide to Tips and Tricks That Other Guides Won't Teach You, and she lives in the Mesa plateau biome of Santa Fe, New Mexico, with her own tamed wolf named Layla.

This book is so deplorably bound that it was already falling apart before I even took it out of the box. The hacks are for playing Minecraft on a PC, and the author issues a caveat that hacks may work "differently" on a game console. I was intending to give this to my grandsons who are into Minecraft, but all the loose pages make it very impractical for even light use.

Content is good, but the construction of the book is deplorable. Pages fell out immediately upon opening. Sky Pony Press should be ashamed. I would give more stars based on the content, but frankly a book is useless if it falls apart. I hope the author can either switch printers or Sky Pony Press can fix their binding issues.

Stan! What's Minecraft and how do you tame a horse in it? Sad that I've started relating more to the parents. Really though.. Hacks? Why? What is this? The kid wanted it.. he seems happy with it. So Cheers.

Pages falling out all over the place in a brand new book! I had to return it bc my son could not even read it without a page falling out. Beyond unacceptable.

My grand sons ages 9 and 11 loved this book. They are always looking for hacks for their favorite games. I highly recommend this book for any kids who are really into Minecraft. It is easy to read and has lots of moves.

Apparently this is a must have for the Minecrafters according to my son! He loves the book!

My stepson was so excited to get this for his birthday! He doesn't read much and he read this every day for a whole week!

Great for the Minecraft enthusiast. My kid loves this book or any book she can get her hands on for minecraft
