Alien Commander (Zerconian Warriors Book 11)

Synopsis

She's not searching for a mate, just a place to feel safe. Sophie came to Zerconia under false pretences. She doesn't want a mate. She has crap judgement in men. And really, what does she need a man for? Mind-blowing orgasms? She'll buy a vibrator. Someone to take care of any creepy-crawlies? She'll get a really good bug spray. The feeling of protection and safety that comes from being held in a man's strong arms? Okay, that might be a bit harder to find, but Sophie has never known that sort of protection before anyway. Her father abandoned her as a child, and her last boyfriend was an asshole who used her for sex. Nope, she doesn't need a man. Even sexy, gorgeous, oh-so-serious Toriq with his huge muscles and his careful, quiet nature. All right, so she needed someone to fantasize and he was every fantasy come to life. Toriq lives in the shadow of his father's memory. He keeps a distance from most people, especially tiny human females, knowing they must fear his size. But staying away from Sophie is more difficult than he anticipated. Particularly when she finds herself in trouble. Protecting the tiny blonde female suddenly becomes his top priority. Even if that means protecting her from himself.

Wow!! Another great addition to the Zerconian Warriors series. At book number 11 this series is still going strong and I love the appearance of characters from previous books. It's like one big happy family!! Can't wait for next book which I really hope will be Saffron and Moroco's story. I just know it will be hilarious!!!

As always Sadie delivers funny, endearing and engaging characters.. The story line connecting the books is interesting and makes you want the next book yesterday. So I'm once again eating for the next book and this one just came out today.

This book transported me to a magical place I couldn't put it down Sadie Carter always delivers a wonderful happy ending.

(I received a ARC For this story)Sophie comes to Zerconia not looking for a Mate but she is there for protection. She is a little sweet blonde with a Big Secret. Toriq is a Big Fierce Warrior. He thinks Sophie is scared of him. He is a Gentle Giant and he just wants to protect her (Swoon) . She thinks she is not worthy of him. He thinks she is so special. They are each others Mates & I loved it. They fell in love & I did too !!! I don't want to give too much away but these books just keep getting better and better. This is My Favorite Sci Fi Romance Series. It is So Sexy and Funny and Exciting. I can't wait for the next one.

I was looking forward to this book. Wish there had been a deeper bond developed between the two. Felt a little rushed but still thought it was good.
