# Modern Trial Advocacy: Law School Edition, Third Revised Edition

## **Synopsis**

Modern Trial Advocacy: Law School Edition presents a realistic and contemporary approach to learning and developing trial advocacy skills. Dedicated to the law student, the book contains a "Trial Basics" chapter, which discusses what happens in a trial and the role the advocate plays. The Law School Edition has checklists that guide students in their performance. This edition is updated to reflect the restyled Rules of Federal Evidence. NITA's best-selling text, Modern Trial Advocacy, has set the standard for trial advocacy texts since 1993. All of NITA's renowned full trial programs use the text, as do prominent law schools nationwide. Steven Lubet guides the beginning advocate from developing a winning case theory through all phases of trial. He explains how to present a case as a story, and how to tell the story to the jury powerfully and persuasively.

## **Customer Reviews**

I love this book. I did not have any experience with trial practice and this book helped me navigate through the stages of a trial. It was so good that I won my trial. I am now using the book to help me to develop new questions and way of thinking for mock trial team!

I took trial ad for prosecutors and this book was recommended but not required. There was at least

1 newer edition available but for a lot more money. I picked this one up used for under \$10 shipped and found it to be almost the same as my friends newer edition. The chapter numbers had changed but the substance was very similar. I would recommend getting this book and also saving money and getting the older edition. It was very helpful.

I think its very helpful in colab with the professors hands on style of teaching we often act out in class whats in the book. I like it glad I bought it didnt rent I feel it will be helpful beyond the classroom.

Somewhat engaging, but cursory treatment.

Great book worth it!!

The judge that taught my trial ad class assigned this book. I wasn't expecting much out of the book, but I was surprised. It's actually useful and I won't be selling it to the bookstore now that the semester is over.

I like to purchase books from this web site. If I have the opportunity to buy any other books again I would choose this site.

Lubet's book is good, and, as another reviewer notes, written like NITA. But Keith Evans' book, Common Sense Rules of Advocacy for Lawyers, was written by a lawyer who practiced as a trial lawyer in California and as a barrister in England. In addition to law school teaching, Mr. Evans also made numerous presentations to different American Inns of Court. Evans book is now published by TheCapitol.Net, and more information about this classic of trial advocacy can be found on their web site: [thecapitol.net](http://thecapitol.net) Best bet is to buy both Lubet's book and the Common Sense Rules of Advocacy for Lawyers.
