# Official Price Guide To The Beatles (Serial)

## Synopsis

THE ULTIMATE BEATLES PRICE GUIDE TO PLEASE PLEASE YOU! When the Beatles landed on American soil in 1964, Beatlemania quickly swept across the nation. In the wake of this dazzling phenomenon--decades later--records, album covers, and countless other memorabilia have become hot commodities. Now devoted fans and serious collectors have an invaluable sourcebook to take them on a magical mystery tour back to an extraordinary time that will forever appreciate in value, both real and emotional. [ ] **COMPREHENSIVE.** The Official Price Guide to The Beatles: Records and Memorabilia has it all, including CD and record listings (the singles, EPs, LPs, various artist compilations), bubble gum cards, lunch boxes, key chains, movie posters, toys, underwear, and much more! [ ] **WRITTEN BY EXPERTS.** Perry Cox is recognized as the leading authority on Beatles record collecting and he has coauthored five different books on the subject since 1981. In addition, he is one of the world's top dealers in Beatles collectibles. Joe Lindsay is the author of The Record Label Guide, Picture Discs of the World Price Guide, and other Beatles price guides and has been a dealer of rock and roll memorabilia for more than two decades. [ ] **SPECIAL FEATURES.** Invaluable information on pricing and grading records and memorabilia. What to expect when selling your records to a dealer. [ ] **BUYERS-SELLERS DIRECTORY.** Want to find an out-of-print record or sell a particular classic? Here are the addresses and phone numbers of the people to contact. [ ] **FULLY ILLUSTRATED**, including an 8-page color insert. \*BUY IT \*USE IT \*BECOME AN EXPERT! Â Ä Â v

Great!

These old Beatles record price guides are long out of print and lack today's print technology and presentation. For their day, they were indeed very useful. The first issue in 1983 was groundbreaking for its time, no question. Most of the earlier books were prior to the digital age with the first being nearly 30 years old now! Later editions of this author's books are far more relevant to their time too but for sure, these old books are now more collectible in nature than applicable to today's collecting environment. So don't buy them expecting them to cover all of today's needs. If anything, buy them as the book collectibles they have become, now being long out of print. It's still fun to go back and peruse the old books to see what Beatles records were worth back then and note how much they've gone up since. You can get this author's 2007 edition for the more current

detailed information and fantastic high quality images

Hard to believe its been over 17 years since this great book was published. It was a pioneer in the process of understanding the details and values of Beatles Records and collectibles. It remains a valuable tool for context and history regarding the Fab Four's records and memorabilia. My original copy is tattered from all the use through the years. A fresh copy on the bookshelf sounds like a great idea to me. Thanks to Perry Cox for all of his research and perspective on collecting the Beatles.

Perry Cox's Beatles price guides are without peer; Perry is the world expert on US Beatles releases and after the release of this, the first edition, it can truly be said that Perry "wrote the book" on US Beatles records. This first edition was an essential boost to Beatles collectors everywhere, and I used it often--until the next edition was released. If you're a collector the newer editions--especially the 6th (from 2007) are more up to date--but this is where it all started.

I can't believe I honestly bought this from this loser author.

This price guide covers the Beatles in a clear and informational manner. The prices are very realistic and helpful. The articles on the major rarities are outstanding. The information on albums such as "Introducing the Beatles" on Vee Jay Records clear the fog of mystique. Richard Cummings Post-Age Collectibles Seattl

If you want to learn anything about Beatles records, you are much better off getting copies of Bruce Spizers books, and tracking prices on Ebay. Forget about this overrated and out of date waste of money. I wish I found out before I blew a bunch of money on Ebay.
