Customer Reviews

"Known for its four-color maps, photos and illustrations, the [DK] Eyewitness Guides are extremely user-friendly for travelers who want their information delivered in a concise, visual way." [Chicago Tribune](#) "The best option | Color photos, maps, and diagrams bring the place to life." [The Philadelphia Inquirer](#)

Okay. Not as complete or easy to use as the Lonely Planet guide. Would not buy again.

DK format is to provide detailed info about "every city". Harder to get an overview for trip planning. I found more helpful info online (free!) and ended up NOT taking this book to NZ with me

I own SEVERAL of the DK Eyewitness series travel guides. You can't beat the photos and graphics these books include.

fluff and not very useful. too many pretty pictures, not enough substance.

As with the guide to Australia...wonderful for trip planning or studying up in preparation for a tour. The downside is its weight...it's really too heavy to carry with me on a trip.

Great Travel Information. Just what we needed.

The information is excellent, the print font is small and the color contrast makes for difficult readability.

Love the DK travel books. I tried the eating places listed in the book. They were great. I like that the book shows the \$\$ sign for the cafes and restaurants. That is very helpful.
