It has been fun to ride along the character Jesse on this epic adventure to save the world, in this book the story gets even more intense as the characters struggle to get out of the Dark Tomb. These books are great for kids as they enhance their understanding by these short fictional instances, I Would recommend this to anyone who is looking for a great gift for their growing child.

ender king has really done it this time! while still following the storyplay of MINECRAFT: STORY MODE, it ends up with a great twist (to me) for an amazing game by telltale games! furthermore, i'd like to say that ender king is a great author and i think he deserves a reward! =D sooo awesome! so grab a copy of minecraft:story mode, the last place you look, for an awesome adventure for all you minecraft fans, happy mining! -- the uber miner!

Trapped in the dark tomb and trying to find the way out. It feels that me myself is trapped in this tomb and as I read, I find myself more engaged. The story appears so realistic that it takes me to a great mysterious ride inside a dark tomb. I am simply loving this "The secret diary of Jesse collection" and want to read more and more of these episodes.

Awesome read as always. Jesse character is growing in popularity and I am liking the collection more and more, did i mention that my small bro doesn't want to go back to boarding school because of the fun he has been having reading the minecraft books?
