Customer Reviews

Everybody knows about Super Mario and most of us must have played this game. I am also one of the biggest fan of Super Mario and I still do play this game some time. When I found this I could not

stop myself from purchasing this book. I found this book very interesting and hilarious. I didn't stop till the last page of this book and definitely this is the funniest Super Mario jokes book. Recommended.

I enjoyed this book a lot. Was a funny little story about the mario bros going to save peach from a disaster, as usual! They meet many of the usual suspects along the way and have some hilarious encounters. My favorite part was when they pretend to be the french brothers Martin and Louise, specializing in laying pipe, not cleaning it haha.

Not for kids

It's not Really that true. And in the video games, Mario does everything BUT plumbing, and Mario is the one that has a big appetite.

I loved this book it was a outstanding book. I liked how mario was always positive and cracking jokes overall a great read

KeepMyIReally really really like itHamburgerHamburger from my house at all times in your life yay

Grandson absolutely loved it.

This is the best cousin camaraderie I have ever known. The book is well written with ample humour and an upbeat language. I almost felt like I was inside a Super Mario game, and was undertaking an adventure of my own! Love the imagination of the author and how the reader will always be in their toes, wondering what is going to happen next. If you are looking for a playful read and wish to relive some childhood nostalgia, this is the book for you.
