Customer Reviews

Like I don't like when other people bullied another person. And then the good people that get bullied sometimes don't defend themselves.

I love this book but the only thing is that I don't have money to buy it. I would totally recommend it to my sister and friends. I just feel like this story is really good and it kinda teaches you something

about that it doesn't matter if your a nerd people shouldnt treat you like trash. I really do like the story I think she took her time making it and think about it and Is well writin and done

Glad to hear Kai's thoughts ,about her before they officially met. Enjoy his relationship with his sister. She's a spunky little fighter who speaks her mind. I follow you on Wattpad and enjoyed reading both BBN and BGC. Hope the second book will also be published. And the third one after it is finished. Congrats DESI.

You are a FANTASTIC writer! I really cannot wait to read more! I follow you on Wattpad, but sadly I cannot find the whole book on to buy it so I can finish reading it; since some of the chapters were taken off on Wattpad. I would really love to read the rest of your book though!!

This book is good some time confusing because it seems like the author just gives up. The ending is completely frustrating and there better be. Part 2 cuz I wanna know what happens.

I am missing complete books. I know with electronic books and particularly with kindle unlimited I am probably reading a lot of self published works but quality writing is seeming to be harder to come across.

CAN'T WAIT FOR THE NEXT ONE!! THIS WAS AN AWESOME BOOK!! I was ready for the next one, stayed up all night to finish it

I that the bonus chapter was going to be at the end of the book but it ended up being before the book actually started which was awesome to read!!!
