Beneath The Stain

Synopsis

In a town as small as Tyson, CA, everybody knew the four brothers with the four different fathers and their penchant for making good music when they weren't getting into trouble. For Mackey Sanders, playing in Outbreak Monkey with his brothers and their friends especially Grant Adams made Tyson bearable. But Grant has plans for getting Mackey and the Sanders boys out of Tyson, even if that means staying behind. Between the heartbreak of leaving Grant and the terrifying, glamorous life of rock stardom, Mackey is adrift and sinking fast. When he's hit rock bottom, Trav Ford shows up, courtesy of their record company and a producer who wants to see what Mackey can do if he doesn't flame out first. But cleaning up his act means coming clean about Grant, and that's not easy to do or say. Mackey might make it with Trav's help but Trav's not sure he's going to survive falling in love with Mackey. Mackey James Sanders comes with a whole lot of messy, painful baggage, and law-and-order Trav doesn't do messy or painful. And just when Trav thinks they may have mastered every demon in Mackey's past, the biggest, baddest demon of all comes knocking.

Customer Reviews

I've loved everything I have read from Amy Lane. Although my all time favorite book will always be 'Dex in Blue' by her I loved this almost just as much! There is so much to say about this book. I loved the characters so much. Even the secondary ones. You can't help but fall in love with Mackey and Trav. I love how Amy Lane has a purpose to every word she writes, her books aren't filled with mindless fillers like you see a lot of. You feel like you are there and rooting for these people to find love, happiness, and self acceptance. Amy did a great job of the relationship between Grant and Trav. Of course they don't meet how you expect them to. A lot of times authors will make the hero emotionally bulletproof to the mc's baggage and I loved how she had Trav show real human emotions... Of course he's jealous of grant, of course he hates for everything he stands for... At first. It's brilliant. You NEVER second guess the love Mackey has for Trav either. From the moment Mackey decides he needs Trav he does everything in his power to fight for a future with him. JUST PLEASE READ. You will enjoy!!

This was one of the best books I have ever read. Mackie made the biggest impact on me that I can remember. So much so as soon as I finished the book I wanted to read it again in case I missed something. It was so heartening to read about the brothers and friends in the band who were always there for each other and always had each other's back. There were many sad points in the book but I cried for Grant, it seemed like nothing ever went right for him. When I look back on this book it like all the characters in the story were the perfect back drop for the wonderful Mackie. Now that this is done I think I'LL have a little snack of Chicken In A Biscuit crackers. Thank you for a great book.

I can't say enough positive things about this book. You get two impactful love stories, a long book, angst, a rockstar, a loving but dysfunctional family...everything wonderful. This has been a repeat read for me for a couple of years now. It's a great feel-good book, a wallow-book, an ugly-cry book. Whatever you need, whenever you need. You may know what's coming, but that won't soften the blow. The sweetness and the torment of this story stay with you. And you're grateful for it.

Outbreak Monkey is band formed of brothers and one best friend, Grant. The band started playing a few gigs in high school and were finally recognized by a producer. The band is ready to leave the small-minded town. The boys never had it easy because all of the brothers had different fathers and

they were raised by their mom. Despite their struggles, they have made it. When times comes to sign the contract Grant decides not to pursue his dream. He has to stay behind because he got his girlfriend pregnant. Okay, so not such a big deal except, for the last four years he has been with the lead singer of the band, Mackey. Mackey is completely devastated with Grant's decision to leave him. He has shared Grant with this girlfriend for years because Grant couldn't come out as gay to his homophobic family. Mackey knew Grant would never let down his unborn child, so he threw away his new life with Mackey. Mackey is not dealing well with life without Grant. He has turned to drugs and sex. He is on a path of self-destruction. The record label sends in Trav Ford to save this new band so they don't hit rock bottom. Mackey is an unforgettable character. Mackey lost his first love and sold millions of records playing kick-butt music all in the same year, but he can't forget Grant. No amount of sex, drugs and alcohol will erase Grant from his memory. Can Trav help save Mackey James Sanders and keep Outbreak Monkey on the path to stardom? I am new to Amy Lane's books. The only other book I have read was The Locker Room. Beneath the Stain has topped The Locker Room for me. I dove in this book ready for a great read. Beneath the Stain is phenomenal. I read it twice before I wrote this review. I know I've read a wonderful book when I can't stop thinking about a book days after finishing the read. I was emotionally drained after reading this book, but in a good way. I felt my heart being ripped from chest reading this book, but I laughed and cried too (at the same time). If you like secrets, lies, hot sex, angst, rockers, and first loves, then this book is for you.

Wow! This story was simply beautiful. I don't typically read m/m stories but every now and then I like to try something new. The m/m romances that I've read have a real life feel to them. At least the ones I'm drawn too. I had this one on my TBR list for a while but I picked it up and I am so happy I did. There is so much love and pain in this story. The writing brought life to the characters. They were characters you fell in love with. Characters you only wanted the best for. Characters you wanted and hoped they would survive their struggles. I don't know if I'm making any sense but this story was simply awesome. The people in the story were real and their emotional struggles their pains were so real. The love was real. The love scene especially the 1st time(I won't say between who because k don't want to give it away) was beautiful. I had so many feelings for them and I had to read it twice because I could feel their feelings for each other and it was so beautiful. I often wonder what it takes for a story to bring up so many emotions and feelings that it brings the reader to tears or leaves then just "feeling". I can say this book, these characters, their story left me holding back tears and my face with a crooked smile because this story is the one. The one you feel as you

read, the one that leaves you in awe as it comes to a close. Thank you Amy Lee this story was a breathtaking beautiful experience. There are not enough stars for this one.
