Rav. Michael Laitman, Ph.D., is an international authority on Kabbalah., having authored 30 books on the subject that have been translated into 10 languages. His lessons are broadcast live daily on cable TV and the Internet. In recent years, he has become a sought-after lecturer in the United States and Europe. Dr. Laitman is the founder and president of the Bnei Baruch Kabbalah Education and Research Institute, Collin Canright has more than 20 years’ experience as a writer, consultant, and project manager.

Enjoyed the book and very well written

This guide is a great introduction to Kabbalah, as taught by Beni Baruch. The writing is very very easy to read and comprehend at a superficial level, while it makes you think extremely deeply at each subsequent reading. Like any book full of profound information, it merits multiple readings over

a period of time, and each time I pick it up, I see things a little differently, and in many cases a little deeper as well. Different aspects seem to be emphasized each time I read it - which likely corresponds to the various levels the book is written on. It is a great companion to the Bnei Baruch online classes. The two complement each other extremely well, and while you can do one without the other, the two together are powerful catalysts for growth and learning. Highly recommended!

This is the real deal on what Kabbalah is all about. This is an essential book for someone who starts the study of Kabbalah and takes the free online courses with the ARI institute. The Rav Michael Laitman is connected to authentic Kabbalah through the direct lineage of Rabbi Yehuda Ashlag (Baal Hasulam), so this is not just some type of "POP" Kabbalah. The book is broken down into various topics as most of the "Idiot's guides" are, and this is especially helpful with the teaching of Kabbalah. If you are ready to study authentic Kabbalah then one could find no better place to begin.

Great book

This book gives you a complete overview of a complex subject in natural language. This is one purchase I will never regret. I got the link to the online Education Center in the appendix and that was it. :-)

I didn't read it all but found it to be a good resource for a novel I am writing.

This was a great book to understand the religion. I think that everyone should read this. I also think that everyone has a little Kabbalah in them.

This book is a great introduction to authentic Kabbalah. Although to be sure it really is for the beginner level. It tells you everything you need to know about what Kabbalah is and isn't so that you will be on the right track to advance further, rather than wasting years and lots of money on silly books.
