Synopsis

****Don't miss the exciting first book in T. S. Joyce's brand new standalone series, Sons of Beasts****Bounty Hunter, Nox Fuller, has been challenged to do the impossible. He's supposed to bring the Red Dragon in for a year long stint in shifter prison, but this job could be the death of him. His focus should be on the hunt, but when he meets a shy shifter named Nevada, he can't help but be distracted by the curvy beauty. He doesn't care that she has trouble speaking to people. He's different too. But as he finds out exactly what kind of shifter he's falling for, he realizes he's in way over his head. Stuck between a war with the local crew, and the fire-breathing Red Dragon, Nox has to tread very carefully. Too bad he's the least careful bear shifter in existence. It's not just his safety at risk as he hunts Vyr though. The closer he gets to the dragon, the more danger he and Nevada are both in. Nevada Foxburg has a life full of secrets. One chance meeting with a feral grizzly shifter from Damon's Mountains puts not only her at risk, but her people too. They're doomed from the start, and she's supposed to pair up with a shifter like her, but Nox is wild, battle-hardened, funny, sexy-as-sin, and too interesting for his own good. He makes life fun, and keeps her on her toes. But he's got secrets too, and when she finds out he's in her hometown hunting the most dangerous creature on earth, she has to make a choice. Stay safe deep in the sanctuary of her crew, or risk her life to have Nox back. Content Warning: Explicit love scenes, naughty language, and piles of sexy shifter secrets. Intended for mature audiences.

Customer Reviews

The writing capabilities are unsurpassed!! I felt like I was in their minds, thinking their thoughts. It was incredible. As my first TS Joyce book I was hooked from the first page. I absolutely loved this story. I was intrigued and couldn't put it down. Nevada was stunning, going from this shy socially awkward person to badass with a voice. Stunning... Nox is an isolated alpha loner who avoids people but can't seem to avoid her. Just read it... Now on to book 2...

I L- Word this book. Nox is on the lookout for Vyr. Vyr's dad Damon wants him locked up for what he had done in Covington. Box is looking for the L-Word, he's on a job. So when he meets quiet, shy Nevada, something in him stirs. He wants to protect her. Nevada doesn't want to be in her den no more. She doesn't really connect with her animal and feels like an outsider. When she meets Nox, something inside her comes out. Can these two off animals connect? Great read.

I absolutely love TS Joyce's books and this new series is off to great start. Nox is the son of Clinton, the Cursed Bear. Much like his Dad, Nox has an uncontrollable bear and is a loner. He meets Nevada, a fox shifter who is meek and paranoid about being around people. Her own family treats her like an outcast. She and Nox end up bonding. Throw in Kong's son Torren and Damon's son Vyr, you have a combustible combination. I laughed out loud and cried. Awesome story.

Gah. Joyce's books aren't complicated. They aren't a challenge to read. But the world-building in her shifter series' makes my life happier. I love that she's circled back to characters we know and love - even if it's just a tiny mention here and there. Damon's mountains will forever have my heart. I loved this book and can't wait to read the next..and the next...and the next. :) For real, though, if I could crawl into a fictional universe, hers would be it!

With each book T just gets better and better. Her characters are gritty and dirty and rough and hard but they have substance and depth as well. Every time I finish one of her books I almost don't want to pick up something else to read. I want the stories to stay with me a little bit longer. I'm not ready to leave that world she's created and say goodbye just yet. Her characters will get into your head and under your skin and take a hold of your heart. They make you want to go back to the first book in the first series and start all over, saying hi to all the old friends you made during your first journey through Damon's and Harper's and Kanes mountains and the woods of Red Havoc. I can't wait for the next book!

Every now and then a book is exactly what you need at that point in your life. This is my book.NoX and Nevada are my super couple.Set very near to where I live, so close that I've been there.My review is love, you can read the blurb for an idea about this book, even other reviews, mine is me loving this book at a very difficult time.I needed this, I NEEDED Nox and Nevada.And it maybe was a real Dragon I saw in my town. Lol

T.S. Joyce does it again. Take one crazy dragon, throw in a misfit Silverback, add in a just plain mean grizzly and throw in a submissive fox, what do you get? Under the expert hands of Joyce, you get a roller coaster ride of human emotions exposed by their animal hosts. Please bring on book 2. As with all of Joyce's books, one read is not enough for me. I read this one twice and the characters are still with me. I want to know more about the Foxburgs. Dad, sis, bro and even the mom have more to share.

Sons of BEASTS BOOK 1, T.S.JOYCE'S CONTINUING TO MAKE WONDERFUL CHARACTERS COME TO LIFE ON THE PAGES AND YOU'LL FALL IN LOVE WITH THEM!! I ABSOLUTELY RECOMMEND YOU HAVE THIS WHOLE SERIES AND IT'S FANTASTIC ADDITIONS TO THE STORYLINE. I wouldn't miss any of them because I have so enjoyed every moment of reading about the characters and their unique situations. SOOOO ABSOLUTELY PICK
