Best Sellers Rank: #2,829,836 in Books (See Top 100 in Books) #22 in Books > Travel > United States > North Carolina > Raleigh

Customer Reviews

My husband and I are considering relocating to the Raleigh/Durham area, and I have been researching homes and neighborhoods online. I wanted a comprehensive map for reference, as I found it difficult to use online sources. Accordingly, I ordered this street atlas. It has a recent date, so I figured it would be very helpful in pinpointing the locations of various properties. Unfortunately, it does not seem to be up-to-date at all. Many, many of the properties I have found online are on streets that are not listed in this book. This is true even for properties that were built a number of years ago.

This is a good easy to use Atlas of Raleigh, Durham and surrounding areas such as Chapel Hill and Cary. While it may not be as in depth as previous atlases it makes up for this by being very easy to use. It has the roads and major highways and this is what is really important in an atlas. It's small size makes it easy to take along to, compared with other, especially older atlases which tend to be bulky. A good price, compact size, make it ideal for someone new to the area to get accustomed or someone who is not tech savvy and doesn't use google maps or GPS.

Text is so small that it's hard to read. I remember these maps from 10 years ago, when they were easy to use. Sigh, I suppose that GPS has just taken over.

Service was great but this atlas sucks compared to my ADC atlas. You get what you pay for.

everything was perfect

A helpful book And timely delivery
