Lecture Notes On Mathematical Olympiad Courses: For Junior Section (2 Volume Set)

Synopsis

Olympiad mathematics is not a collection of techniques of solving mathematical problems but a system for advancing mathematical education. This book is based on the lecture notes of the mathematical Olympiad training courses conducted by the author in Singapore. Its scope and depth not only covers and exceeds the usual syllabus, but introduces a variety concepts and methods in modern mathematics. In each lecture, the concepts, theories and methods are taken as the core. The examples are served to explain and enrich their intension and to indicate their applications. Besides, appropriate number of test questions is available for reader's practice and testing purpose. Their detailed solutions are also conveniently provided. The examples are not very complicated so that readers can easily understand. There are many real competition questions included which students can use to verify their abilities. These test questions are from many countries, e.g. China, Russia, USA, Singapore, etc. In particular, the reader can find many questions from China, if he is interested in understanding mathematical Olympiad in China. This book serves as a useful textbook of mathematical Olympiad courses, or as a reference book for related teachers and researchers.

Volume 1: Operations on Rational Numbers Linear Equations of Single Variable Multiplication Formulae Absolute Value and Its Applications Congruence of Triangles Similarity of Triangles Divisions of Polynomials Solutions to Testing Questions

Volume 2: Congruence of Integers Decimal Representation of Integers Pigeonhole Principle Linear Inequality and System of Linear Inequalities Inequalities with Absolute Values Geometric Inequalities Solutions to Testing Questions

Book Information

Paperback: 400 pages

Publisher: World Scientific Publishing Company (December 11, 2009)

Language: English

ISBN-10: 9814293539

ISBN-13: 978-9814293532

Product Dimensions: 8.8 x 6.1 x 1.1 inches

Shipping Weight: 12 ounces (View shipping rates and policies)
