World Of Reading This Is Captain America: Level 1

Synopsis

The Marvel Heroes of Reading line of early readers is designed to offer reluctant readers, specifically boys, books that they will want to read by featuring characters they love. The series is broken into three levels that invoke the rigorous training courses their favorite Marvel heroes must engage in to perfect their super powers. In reading this series, boys will perfect their own power to read. This Is Captain America introduces readers ages 4-6 to the world of Marvel's patriotic Super Hero Steve Rogers, otherwise known as Captain America!

Customer Reviews

I tutor small children in reading, and this entire line of books is so helpful, though I particularly like this one because it's got some great lessons about persevering despite of adversity. The language is just right for an early reader who's just switching over from phonics flashcards and the like to actual books, and the subject gets kids super (pun intended) excited. Also, comics are really adult-oriented these days, so if you have a superhero-loving four or five year old, this is your best bet.

My son is big into Captain America at the moment and he also loves reading books, where he can

sit and read many books after one another, staying focused up to an hour just reading different stories. While this story explains the back story of Captain America, following the first movie, it was lengthy and wordy for a Level 1 reader. My son was able to sit and stay focused for the whole book, but I attribute that to his focus with being read to, and I can easily see other children not staying interested with how the book is written or intrigued enough with the pictures. I work with kids birth to three years old, and the majority of my clients would not be able to stay focused with this story. I think this book is a good fit for those aged 4-6, and will not keep the interest of most children under that range.

Great book for my super-hero loving toddler. We have all of the This is series (Spiderman, Iron Man, Captain America, Wolverine, Thor, Xmen, and Avengers). They are great introductions to the characters with good illustrations.

that was great when my boy started reading

Grandson LOVES it

Very flimsy book consisting of a couple of pages. Served for about 5 minutes worth of reading going slow with a pre-kinder child. About \$1.50 would have been a fairer price for this pamphlet.

My 3.5 year old LOVES this book. He can't read yet but has memorized it and calls me out when i skip a page. Great book!

Great for young readers, but is too advanced for a beginning reader.
