Customer Reviews

This is a great cookbook if you are starting to go vegan. I think it is well laid out with easy to follow recipes and also has pictures of all the recipes. It is a very decent starter collection of Instant Pot recipes.

Full of great recipes to try, all vegan for those who follow this lifestyle. Fast and easy to cook and prepare with ingredients, instructions and pictures all provided. Recipes like Instant Pot Biryani Rice and Blackberry and Apple Dessert will have you salivating at the mouth.

Very easy to follow! Great for a beginner, or wanting simplicity. Love cooking in a pressure cooker for healthy eating!

I bought this book because I love vegan recipes and I was searching for new vegan recipes for my instant pot. And I have already tried recipe for Lentils and Rice with Rutabaga. This side dish is really nutritious. It keeps me full for several hours. It's a great cookbook!

Just bought this and "thumbed" through, checking out the recipes; they look decent. But jeez, sure coulda used a copy editor. Almost every step contains "you should ...", this, that, and the other. Utterly superfluous; S&R every "you should" (with nothing) and you'd have a shorter and more readable book. Or maybe it's a word-count thing? Anyway, for 99 cents, it's not a total ripoff.
