Customer Reviews

My teacher recommended this book. She likes teaching this method and I have found it practical to use. I have three books in the series and use the CD to practice with that is provided with the book.

We play the CD in the car and I think it helps my daughter with her pitch. The CD has a simple piano accompaniment - doesn't overwhelm the cello part.

You know this is an awesome book, or you wouldn't even be looking, right? :) The cello teacher was pleased it came with a CD.

What's to say - everyone who knows, loves Suzuki. Recommend seller.

Recommended by my teacher - very good book

must have for all violin students

Very instructive for a novice. Everything is clear.

Perfect book and CD for my grandson that has been taking cello lessons for two months.
