Customer Reviews

I bought this book looking for initials and floral designs. It has both, and they are VERY gorgeous. However. This book is not a compilation of initials and floral sprays from a variety of sources, rather it's a compilation of designs found in two old Spanish embroidery books. Therefore, while gorgeous,

the initials are VERY limited. If you need a book that gives you every letter for each style, this is not the book for you. For each design, there's MAYBE 2-5 examples, and some letters aren't in the book at all. Most of the floral designs are tied to the initials and monograms, there's not a lot of stand-alone floral designs if you're looking for those. And, most designs are very swirly scrolly fancy. VERY swirly scrolly fancy. I still like it though, because swirly scrolly fancy is kind of what I was looking for. The lack of complete alphabets is a little disappointing, but I think you can still work with it if you have a little imagination and a teeny bit of artistic skill.

The designs in this book are lovely! However, I was really disappointed because in some of the monogram designs only a few letters are presented and not the entire alphabet relative to that design. The layout of the monogram alphabets is scattered; it is difficult and time consuming to search for a particular letter and design because the book layout is not organized according to alphabetical order or design.

Book was a disappointment - I wanted alphabets for embroidery - though the designs are beautiful it does not include complete alphabets.

I really want to love this book -it has great illustrations and a lot of them. There is only one real problem with this book - there is not one 'K' to be had! A major issue as my name begins with a 'K'. I'll keep it but it is not as useful as it could and should have been.

Great book and service.

I was a little disappointed the patterns are not easier to use. It is a nice book.

This is a great book for initials to be utilized in calligraphy. A lot of great ideas.

Great ideas for Calligraphy Flourishing .
