# Beijing Today Decoding The Hidden Secrets

## Synopsis

This travel book provides a fascinating exploration of Beijing through its famous sites. Did you know the Temple of Heaven was a place for the emperor to connect heaven and earth at an annual celebration? The alluring culture of China is explored through the Great Wall, Tiananmen Square, the Temple of Heaven, Chinese Food, Religion in China and explanations of the fast pace of change in China. The reader gains a deeper understanding of China with this exploration of historical, cultural and religious aspects of Beijing and its great sites. Written by one of the country's leading experts on intercultural training for business leaders and global executives working in China. Since 1988, Dr. Noel Miner has helped Fortune 100 corporations understand Chinese business organization, cultural values and beliefs, Chinese history and government/business relations. Noel Miner has an "incredibly thought-provoking and engaging perspective on history and culture of China," and this book will move you beyond stereotypes into understanding the core of Chinese culture.

## Customer Reviews

The Introduction gives an idea that the book was written as a travel guide for the first time visitors to Beijing. However it is much more than a travelguide. The book is full of interesting facts on Chinese

history, culture, economy and politics. Moreover it gives a lot of educational and deep insights into the life in modern China. The Introduction gives an idea that the book is written for the first time travellers to Beijing. Yet this is much more than a travel guide. The book is full of educational details and deep insights into history, culture, economy and politics of China. It is clear that the author is very knowledgeable about all the different aspects of life in China, including life in modern China. I've just returned from a trip to Beijing, and this book made me see some of the puzzling aspects of Chinese culture in a different light. I would definitely recommend this book to anybody who wants to understand China, its culture and its people better.

Just finished reading my Kindle copy and was so fascinated by Dr. Miner's insights, both cultural and economic. Noel raises strong situational awareness of the many positive opportunities we share for mutual blessings between our nations. What a breath of fresh air!!

Excellent book for the traveler or armchair traveler to China! The author is clearly experienced in cultural, political, and religious aspects of China and makes this tour of Beijing fascinating. I learned so much. Highly recommended!

This is a fun and interesting read. I'll take it with me next time I travel to China for work-- I didn't realize how much I still had to learn about Beijing
