Customer Reviews

Guide offers some nice tips for a brief visit to this amazing city. The many challenges one would experience are glossed over or ignored altogether. Exchanging money, irreputable travel guides, public facilities. The information offered could easily be accessed from free travel websites.

Direct and to the point. This guide was just what I needed for my recent visit to Moscow. I especially loved the information about touring Moscow's fabulous Metro stations.

Loads of useful information and nice maps in easy to read format. One of the best guide books I've read. Useful info and nice maps all at a reasonable price!
