Malala Yousafzai: Warrior With Words

Synopsis

The inspiring, true story of Malala Yousafzai, a young Pakistani girl who stands up and speaks out for every child's right to education. Though she and two of her schoolmates were targeted by a Taliban gunman, a life-threatening injury only strengthened her resolve. Malala spoke at the U.N. on her 16th birthday in 2013, nine months after she was shot. Author and journalist Karen Leggett Abouraya, author of *Hands Around the Library: Protecting Egypt's Treasured Books*, brings Malala's story to life for young readers. Malala's story is more than a biography of a brave and outspoken teenager. It is a testament to the power of education to change the world for boys and girls everywhere. "Winner of the California Reading Association's 2015 EUREKA! Honor Award"

Grade Level: Preschool - 2

Customer Reviews

This was a mandatory book for my 4th grader. Has some graphic illustrations and a mature topic. I would recommend this book, just so long as parents could explain and be available to answer question regarding the mature topic. I would have rather my child learned this story in 7th or 8th grade. For a mature audience only. May cause stress for those children that have anxiety.

I bought this for my 8 year old daughter. She was amazed to learn that there are children in the

world that do more than go to gymnastics lessons and do homework. I thought the way the story was written was age appropriate; not too scary, but still tells what happened.

Beautiful real story. The age would be +5 and be prepared for questions when you read it to young kids. I have been fan of Malala for years and this is a meaningful bedtime story for my little girl. Better than princesses tales in my opinion

Powerful, beautiful book. Excellent read-aloud for my 3rd grade class. The artwork is fabulous, with Eric Carle overtones. At the end of the book are suggestions for organizations to contact to provide assistance to those in need, as well as other resources for more information about the region and its problems.

I understand that this book is for children. I guess I was just hoping for a bit ..more. Perhaps I need something that falls between this and "I am Malala" for the purposes I was looking for. Never the less, well written and beautifully illustrated.

Bought this book for my granddaughter as I want her to know how things are outside of her little world and how blessed she is. I want her to grow up to be brave and want to share herself and give to those who have less.

Great story and very informative

This story of Malala's bravery can fit the listening span of most 5-6 year olds. It can be shared reading for gr. 2, and independent for a child reading at gr. 3-4. Adults, you'll appreciate it too.
