I love patterns, so I thought I would break away from my usual calendar selections. The cover is definitely the best of the images. I could have done without the leaded glass detail for the month of April.

I was fooled again I guess. Assuming this calendar was of a standard wall size (esp. For the price..) but the images are awesome and all new and unique to me. Was going to give as gift but I know the recipient needed a FULL sized calendar.. So I guess I'll have to keep it.. In my miniature office.. (;

Wish it was bigger, but sized according to the description.

This was perfect for my kitchen. The artwork is gorgeous and the layout of the calendar section is simple and clear.

Great gift. My wife loves it.

I love FLW's work, but most of the photos are the more boring, dully colored items.
