Honeymoon And Luxury Travel: Cheap And Free (The Lazy Traveler's Handbook Book 4)

Synopsis

Think for a moment about the most spectacular places on Earth that you would love to share with someone you adore. What are they? Blissful beaches of Polynesia or South Pacific? Luscious jungles of Costa Rica or Brazil? Romantic streets of Paris or Venice? Bustling metropolises of London or New York? Now imagine that you can fly there in the comfort of the first or business class and stay at some of the world's most exclusive and top-rated hotels or resorts for virtually next to nothing! Impossible, you say? Andy Shuman, the author of the bestselling Travel Free book from the Lazy Traveler's Handbook series begs to differ. You can have your first-class flight and plush hotel or resort stay for less than it would cost you to visit your in-laws two states away. In fact, it's easier to arrange your perfect honeymoon (or other aspirational voyage) than it is to organize your perfect wedding. If only we could teach you how to get your perfect wedding for free! Alas! Grab this concise, specific, very to-the-point book for \$0.99 introductory price (limited-time only) and get ready for the most unforgettable journey of your life! Here is what people are saying about Shuman's other bestselling books from the Lazy Traveler's Handbook series. "A real eye-opener!" "Fantastic Resource - highly recommended!!!" "It is possible!!!! It's totally possible!!! Yes, travel for free or close to it." "This is an amazing e-book! It has a wealth of information on how to obtain those frequent-flyer miles you need for that longed-for trip to Australia or China without dying of old age before you have enough." "Andy has written a great guide that even someone as lazy as I can follow. He also provides AMAZING customer support through his blog." "I rented this book for free through prime but found the information so valuable I will buy it." "I just found this book two days ago and I have enjoyed reading about 80% of it so far. To me, the biggest benefit to this book is that it properly BUILDS your knowledge and suggests VERY specific plans of action." "This book gave me the confidence and know how to get started. I recommend it, and the authors website for anyone who wants to travel often cheap or free."

Customer Reviews

I thoroughly enjoyed this book, and there is so much information that I have to re-read, take down notes and organize. Well-researched and very detailed, and written in simple terms that a newbie like me would understand.

So helpful and easy to read. I loved it!
