## Customer Reviews

I bought this for a motorcycle trip to the Black Hills. No GPS on my bike so I got a map for every state I had to pass through. It did its job and helped me get there and back. One additional comment: Call me old school but I love a good map. My auto GPS makes me dumber every time I use it. I find myself blindly following its directions only to find that I could have saved time and gas by planning the route myself. I also seem to remember the directions better when I plot it out on an "old-fashioned" map.

Perfect!

I like the single state map in lieu of the ones in the atlas. It's a larger scale & shows more of the "back" roads.

Printed in 2009...a bit outdated.

Very nice, sturdy as well. EZ fold.

GREAT PRODUCT EASY TO READ

Oddly enough, it didn't show the tiny town I was looking for. That's OK, though; it did show the roads to get there.
