# Finding Me: A Decade Of Darkness, A Life Reclaimed

## **Synopsis**

Michelle was a young single mother when she was kidnapped by a local school bus driver named Ariel Castro. For more than a decade afterward, she endured unimaginable torture at the hand of her abductor. In 2003 Amanda Berry joined her in captivity, followed by Gina DeJesus in 2004. Their escape on May 6, 2013, made headlines around the world. Barely out of her own tumultuous childhood, Michelle was estranged from her family and fighting for custody of her young son when she disappeared. Local police believed she had run away, so they removed her from the missing persons lists fifteen months after she vanished. Castro tormented her with these facts, reminding her that no one was looking for her, that the outside world had forgotten her. But Michelle would not be broken.

## **Book Information**

Audible Audio Edition

Listening Length: 7 hours and 13 minutes

Program Type: Audiobook

Version: Unabridged

Publisher: Recorded Books

Audible.com Release Date: May 6, 2014

Language: English

ASIN: B00J5SRWYU

Best Sellers Rank: #103 in Books > Audible Audiobooks > Nonfiction > True Crime #362 in Books > Audible Audiobooks > Biographies & Memoirs > Personal Memoirs #572 in Books > Biographies & Memoirs > True Crime

## **Customer Reviews**

I woke up at 4am this morning with nothing on my mind but downloading this book on my kindle. After seeing Michelle Knight on the Today Show on Monday 5/5, the day before her book's release, I couldn't wait to hear her story. I've read Elizabeth Smart's book, as well as Jaycee Dugard's book. As disturbing as those stories were, and I mean to in no way minimize their ordeals, I was absolutely OVERWHELMED with the cruelty and abuse endured by Michelle Knight (and Amanda Berry and Gina DeJesus). All of these ladies have shown an amazing amount of resiliency and courage that I truly admire. Like a previous reviewer, I too am not quite finished reading the book, but from the very first page, could not put it down. Michelle describes, in terrifying detail, horrific details of her traumatic capture and subsequent torture at the hands of that monster. It is amazing to

me that she survived, let alone found the strength to live life after all that she endured. She also describes the pain of losing her son and I cannot help but think that if she did not have the hope of being reunited with her son, would she have survived? Her home life before reaching the hands of the monster was not by any means ideal. In fact, as you're reading about it, you wonder what could be worse? Poor Michelle found out...living in a hell on earth with her fate in the hands of "the devil himself" I think it is incredibly brave of her to share her story and I'm sincerely praying for every forgotten soul that has had to suffer because of monsters like Ariel Castro. And I promise Michelle, to keep a more vigilant eye, and not easily dismiss anything I may see that sends up warning signals in me. We all have common sense and judgement, we should use it. Perhaps if one of those neighbors had, life would have turned out very differently for those three ladies. I wish them all nothing but happiness.

If there is a human angel on this earth right now it is Michelle Knight (now called Lily Rose Lee). This poor woman never knew real love or normalcy ever in her life, and the one thing that kept her going during 11 years of pure hell was the love she had for her son, who was adopted and now whom she cannot see. I wept and ached for her as I read her story and I cannot believe anybody could have survived what she went through-- and survived it coming out so sweet and so strong and so optimistic. This is beyond a hero-- she is a saint. If you have been raped or molested even once, could you imagine hundreds of times, over and over, by the same man who keeps you chained, dirty and hungry? Having 5 babies beaten out of you? Chained like an animal for years, beaten and told you matter to no one? Tortured and nearly killed and threatened with death if you tried to escape, and beaten when you did try? This just scratches the surface of what this amazing woman went though. I sincerely pray that the joys of her life to come are a thousand times the suffering she has endured. I pray she will know love from now on. I pray she can have the things of life she deserves, and I pray she can be whole and happy. God bless you, Lily, God bless you.

Even though I have been an avid book reader for over 30 years - I literally have over 600 books in my Kindle, over 400 in Audible, and thousands in hardcover - this is the first book review I have ever written. And I am specifically writing it because of the HORRIBLE post by Kimberly Banks. How DARE she say such things about a woman who was literally kept chained up and brutally tortured and raped for YEARS just because maybe she "drank too much and wanted attention"? I myself have drank too much and wanted attention at different points in my life, especially when I was younger. So do I also deserve to be abducted, tortured, raped, lose my child, and

more????Anyway, enough about that piece of trash. The Kindle book and the Audio version were both GREAT. I listened to the entire audio book in one night non-stop.I will admit that some tiny aspects of the story seem that they could be slightly exaggerated or don't make perfect sense. Michelle obviously made some stupid mistakes THAT WE ALL MAKE AT SUCH A YOUNG AGE, such as not properly preparing herself by confirming the address/location of the courtroom before she had to be there. But, really, who hasn't done such tiny stupid things in their life before?I can't even imagine what she went through and her story is riveting and horrifying at the same time. I respect the fact that she had the decency to tell the story of the horrible abuse that she suffered but without going into gory details that I probably couldn't have handled hearing or reading. She knew the right place to stop when it came to the "torture / rape details" stuff. I think that shows a lot on her part.And, being a mother of a young son myself, I can obviously tell how much she cared / cares about her son. You just can't fake that.I think the narrator for the audio version was really good and did a great job of telling the story.Overall, I definitely recommend reading / listening to this book. I truly hope that Michelle finally finds peace and happiness in her life. She deserves it!

Excellent story of courage, hope, and love. Michelle Knight has been through so much in her life, even before she was kidnapped by Ariel Castro, but she has not let the bad define her. She is an amazing person to have endured all she has and to have such a wonderful attitude. I almost stopped reading the book at the point where she got kidnapped because I just didn't want to expose my soul to the horror of it all and I was honestly afraid I would have nightmares. But I am so glad I went ahead and read the whole book because it really was a story of triumph and hope. Michelle triumphed over Ariel Castro and all the bad things that happened to her. It was wonderful to read the end where they escaped and to read about what Michelle is doing with her life now. I hope and pray that she will be re-united with her Son one day because she truly deserves that. Michelle, you are an inspiration to people everywhere. To the lost, the abused, the lonely, to anyone living in poor circumstances. You inspire people to never give up hope.
