The Afternoon Tea Collection

Synopsis

Afternoon tea is a celebration of all things delightful and delectable, pretty and feminine. This beautifully illustrated keepsake book features everything that makes the teatime experience special: lovely small sandwiches (like prawn and lime pepper aioli), yummy scones, little tarts, and other treats—like pink velvet cake and ginger powder puffs with orange cream. And every recipe has been triple tested to guarantee your success first time, every time.

Our besottedness with all things English continues as various authors instruct us in their U.S. versions of tea time. In this collection, Clark leaves little room for guessing what kinds of sandwiches and pastries should be served, with more than 110 one-page recipes included for not only the traditional bread fillings but also for scones, tarts, friands (little cakes made with egg whites and ground nuts), little and big cakes, cookies, and slices. Much of her fare is traditional, including salmon and herbed cream cheese roulades, which nestle quite well with madeleines, pink velvet and carrot cakes, chocolate chip cookies, and raspberry-coconut slices. What might surprise? The section on friands, the tradition of big cakes (check out the tiramisu roulade), and oddities like the hedgehog (a mixed concoction of chocolate, sweet breads, hazelnuts, and raisins baked in sweetened condensed milk). Missing are the niceties, such as how to arrange a tea party, tea-serving etiquette, and table settings. Yet for sugar addicts, the author's triple-tested recipes are not to be shunned. --Barbara Jacobs

Pamela Clark has a passion for food that is reflected in her role as head of a world-famous test kitchen. The team develops and tastes recipes for magazines and cookbooks. She lives in Sydney, Australia.

Simply looking at the photos is enough to make your mouth water and reading the descriptions only adds to this! Most of the recipes use very few ingredients, and do not seem to difficult. Can't wait to get started!

Purchased as a gift for a friend who enjoys Afternoon Tea and cooking, especially making sweets. This book contains many recipes that are mostly not too difficult but sound divine. Clear directions, excellent photographs.

Given as a gift, so I didn't read thru it all. Would have liked more scone recipes, but the book is nicely organized and filled with photos of the baked goods. Recommend if looking for a nice gift for a recipe book collector.

This book has opened doors for fancy pastries I never thought a novice house baker can accomplish. I did need to Google some vocabulary that isn't common in America like it is in England/Australia. There are challenging recipes, but only because some recipes call for equipment I don't have (like certain pans). I've purchased most, and I'm feeling good about my collection. The tarts are fantastic!

I bought this book to be a part of a donation box for a fundraising event, my donation sold for quite a lot! and the lady who bought it said, the book was what really drew her eye. It is a beautiful book. It would make a wonderful gift!

I love it...I'm baking my way through it. Best banana cake ever! It's delicious and beautifully presented. I highly recommend it.

Arrived promptly... gave as gift at Christmas... recipient said it was the best tea book she has ever seen...has tried some recipes with great success....

I really like the simple recipes. The chicken terragon was awesome. One day I will have a perfect

sponge, I will!
