Dandi Daley Mackall is the author of over 400 books for children and grown-ups, with sales of over 3 million, she has published with HarperCollins, Dutton/Penguin-Putnam, Harcourt, Simon & Schuster, Disney, Hanna-Barbera, DreamWorks, and many others. I really loved this book except for one thing . . . we are not Catholic. The blue triangle on the front cover says, "Catholic Edition," but I did not realize that until after we had bought the book. However, there is another edition of the book available that is not written for Catholics, and I was able to make the exchange. Actually, the books are very similar; but there is an occasional Catholic reference - such as the Eucharist. My daughter turned 2 in August, and I bought her this book as a Christmas

gift. She was enthusiastic about reading it. However, she wanted to read more than one page at a time - tricky because the book is set up to be read daily and has a page for each day of the year. I just read them again, or use them for "catch up" when we miss a day. Sometimes, she does seem to lose a bit of interest towards the end of the reading. She is more interested in what the children are doing in the pictures which is not usually described in the reading. I think this book is probably designed more for 4 & 5 year olds as opposed to 2 1/2 year olds.

Excellent devotional for little ones. I read quite a number of devotionals before selecting this one. I have not read the entire book yet, but just from what i have read, its vastly superior to others. It deals with Bible stories and Biblical truths in an amazingly clear way for little ones. Extremely pleased so far. Too bad i had to buy a used copy. I would have loved to buy it new for every little one in our family.

This is an awesome book of daily blessings and has been a great addition to our evening routine. The pictures and rhymes are perfect and the lessons are age appropriate

My son loves to read a blessing every morning. Wonderful book.

Wonderful!

I read this book to my kids every morning while I eat breakfast. The devotionals encourage children that God loves them, that He cares about the details of their lives, and that He will keep them safe. My kids usually run around while I'm reading, but they're getting the message:). And it takes fewer than two minutes to read each devotional. Can't beat that.

What a delightful book, it is jam-packed with positive thoughts and lessons. I am thrilled I discovered it when I did and disappointed that I didn't find it sooner. I have purchased about six copies of this book. My latest purchase was a gift for my one year old great-nephew. After reading the messages daily, my grandchildren would often excitedly report back to me about it. More than once, when behavior issues came up with any of my grandchildren, 'Blessings' became a great 'Nana' parenting tool. I truly beleive that this book will become a part of their 'Childhood Time Capsule', hopefully, perhaps one day to be read by my great grandchildren.

This book was bought as a gift for my 5 year old granddaughter. I haven't heard how my daughter in law likes it, but I found the book sturdy, colorful, and the words very applicable for my granddaughter's age.
