Pussy Portraits 2

Synopsis

The first edition of Pussy Portraits quickly achieved cult status. Now we present the second volume of this globally unique bestseller, in which selfconfident young women cheerfully and proudly present their vulval worlds. Just as every woman has her own personality, so too does her vulva, and the natural beauty of both await discovery! Texts in German, English & French.

Customer Reviews

This is not a book of cat portraits!The first book featured a full-page picture of a woman's face on the left page, then a full-page picture of her "kitty" on the right. This formula was apparently successful enough to spawn a sequel.An interesting premise, to be sure. But make no doubt about it. These images are VERY explicit! Like o.b./gyn explicit. Medical textbooks are more discreet.

recomendo

Lots of beautiful photos of faces (on one page) and vulva (on the facing page), but without showing any other part of their bodies. Would be more interesting if at least their hips and their whole pelvic areas were also shown. Too many of them had the labia splayed open; an interesting view, but not the way you'd see them in vivo.
