These are great maps in the respect that you cannot tear them and you can fold as needed without destroying the map. Bad in that it is a condensed map and not a full map. Not all roads are shown or labeled. Good for quick reference for main roads.

Great map series. I highly recommend any state map of this type! For one that uses good old fashion paper maps, this product is for you. I also use these to confirm what my GPS says! Nothing like redundancy!! I have used the free state maps you get from welcome centers or other venues when travelling & had problems with them tearing along the folds or simply wearing out. This eliminates this problem. These maps should last indefinitely & with the economy tanking, I don't

expect any radical changes or many new hwy's to be built in the near future. However should there be new highways, these maps could easily be drawn on with any marker to modify the map. Great product & well worth the \$\$!! Additionally, I am a motorcyclist that does 1-3 long distance trips a year & usually solo. I have about 20+ various states worth of these maps because they are really durable, waterproof (a must on a motorcycle!) & you can fold them up repeatedly to the specific section you are interested in. Space is a premium on any bike but I make room for these maps in my grip. Even if you aren't a motorcyclist, these maps are great cause they won't rip! Buy em!

We used this map during our San Fran/San Jose/Santa Cruz/Capitola trip. Nice size, easy to fold, well laminated. It has a large map on one side, including the Oregon border, Nevada (Reno) border, down past Cambria on the coast and Fresno. The other side has close ups of: Yosemite Natl Park, Kings Canyon & Sequoia Natl Park, Santa Rosa, Modesto, San Francisco/Oakland Bay Area, Downtown San Francisco (very hard to read street names), Sacramento, Monterey/Carmel, and Lake Tahoe Region. I used it a few times to point distances and locations out to kids, but really ended up using our Google maps app on our phone for planning out driving directions. It was useful for getting the big picture.

Great map, sturdy and just what we needed as we traveled up the coast as a reference.

Love the lamination, foldability, and highlighted scenic roads.

I'm one of those people who likes to be prepared. I drive a lot as it's part of my job and I go everywhere. There's always the possibility that my phone dies, backup batteries don't work and the cigarette lighter fails. It's good to have these just in case. What's great about this map is that it's laminated so you don't have to worry about your map tearing itself apart. I recommend it!

good read

well made, but small print
