Columbia These pages are like a psalm written to celebrate the beauty, the wonder, and the

mystery of marriage. Peter Kreeft Clear . . . and utterly faithful to the truth. --Personal Endorsements

Text: English, German (translation)

This superb reflection on the true meaning of marriage should, and would --in an ideal world would-- be studied in school as part of whatever curriculum, as a necessary preparation for life. "Love without an unqualified commitment betrays the very essence of love." The critics of marriage do not see that continuity--and especially faithfulness--is an essential characteristic of a truly great personality, and of a great relationship. In a marriage without commitment the most insignificant difficulty is a valid excuse for separating. Unfortunately, man who is usually so eager to win a fight over others, shows little or no desire to conquer himself. Then the discussion builds toward the sacramental nature of the marriage relationship.

Great description of marriage. Only disagreement is the Catholic doctrine on Holy orders (I think marriage is the highest of Holy Orders). Also some will be offended by the Catholic perspective on children/childbearing.

This book is good for engaged couples especially men so that they may understand the nature of marriage and the good it is and that which it offers. After we get married I plan to go back to this book to help me understand what I'm doing and what I should be doing to have a happy married life. I've read it twice and plan on reading it again.

Short. Well worth reading if you are interested in thinking about what marriage is or could be at its best.

Short and sweet but packs a PUNCH of LOVE! Why did I not look into this author before!?

von Hildebrand recovers for our modern world a vision of marriage not often believed to be possible, showing that -- in fact -- such a marriage is both eminently possible and necessary, a marriage in which the bond is much deeper than legal or emotional, a marriage in which the couple -- as another reviewer noted -- "fight against themselves on behalf of the other." It is a thing of hard work, of surrender, of bliss, and of deep growth and union. It is a path to true sanctity. This is the marriage

for which everyone longs but which few realize is possible.

A superb read with many valuable insights to the challenges facing the married person... whatever the context.

interesting but hard read
