B. Higgins is a pretty good writer; I've read several of her books in the last year. I love apocalyptic

novels and she has become one of those writers whose books I automatically buy. Her characters are well thought out, her plots are interesting, and her conclusions are satisfying. Although there might be a continuation, one is not left hanging mid-event until the next book arrives. Worth the price.

This book was a joy to read. I read the entire book in 4 hours, I simply could not put it down. I look forward to the next book to see what becomes of the characters as they face more challenges. The writer paints vivid pictures in your mind with the words he uses. I am going to check out some of the other authors books covering different topics.

This ongoing saga is a page Turner the story it's self is interesting and fast moving with interesting characters. Will be watching for the last book in series coming in September 2017.

I love this book and this author! The action never stops, the characters are all interesting and the plot twists are exciting....just can't put it down. Can't wait for the next book!

Characters and situation well thought out. Really interesting characters. One thing I like is the characters don't do incredibly stupid things like in a lot of zombie apocalypse books.

Characters I like, solid plot, cool locations , believable zombies, and we'll paced action made this a very enjoyable read.

The story is compelling and satisfying. I ask like the South African setting. Gives it a smaller and more intimate theater. Great work!!

Liked these books cause they keep you on the edge of your seat. They are interesting, and there are various storylines so you don't get bored. Great set of books!!!
