Trucks To The Rescue!

Synopsis

In this bright and action-packed board book, favorite trucks are here to save the day! Whether it's a flat tire or a kitten stuck in a tree, trucks come to the rescue in this board book. Kids will love repeating the refrain "to the rescue!" with each different truck—fire truck, vacuum truck, tow truck, and more. William Low's characteristically beautiful art brings these big machines to life.

Book Information

Board book: 22 pages

Publisher: Henry Holt and Co. (BYR); Brdbk edition (August 22, 2017)

Language: English

ISBN-10: 1627795758

ISBN-13: 978-1627795753

Product Dimensions: 5.2 x 0.3 inches

Shipping Weight: 9.6 ounces (View shipping rates and policies)

Average Customer Review: 2.0 out of 5 stars 1 customer review

Age Range: 2 - 6 years

Grade Level: Preschool - 1

Customer Reviews

"Low's artwork is stunning, using thick brushstrokes and rich colors and shadows to re-create detailed city and suburban scenes—readers will want to linger on each spread." *School Library Journal* on *Trucks to the Rescue!* "Low demonstrates how five powerful trucks save the day in a richly illustrated board book with a cause-and-effect cadence. In alternating spreads, Low presents a problem (‘A pipe is broken’—‘flooded street’) then reveals the truck that can fix it (‘Vacuum truck to the rescue!’) in lines that all but demand to be shouted." *Publishers Weekly* on *Trucks to the Rescue!* "The richly colored pages of *Machines Go To Work* probably could not be more exactly calibrated to entrance the vehicle-oriented, 2-to-6-year-old male demographic." *The Wall Street Journal* on *Machines Go To Work* "Let these machines do all the work; the reading about them is pure pleasure." *The Horn Book*, starred review, on *Machines Go To Work* "Thoughtful design, dynamic art, and solid information make this a standout!" *Booklist*, starred review, on

Machines Go To Work in the City

William Low has had a lifelong fascination with machines. He is the author and illustrator of Feathered Dinosaurs and the New York Times Best Illustrated Book Old Penn Station, as well as the illustrator of many books for children. Mr. Low is a four-time silver medal winner at the Society of Illustrators. He teaches at the Fashion Institute of Technology in New York.

I did not like this book for my 19 month old. I don't think concepts like "stoplight's out - traffic jam," and "pipe is broken - flooded street" are things a board-book aged baby can conceptualize. So, I don't think it really contributes to his understanding of the world around him or even of the pictures in the book.
