Tom Limbert is a Parent Coach and the co-creator of Studio Grow, a children's play space with locations in Berkeley, Concord, and Danville, California. He lives with his wife and son in El Cerrito, California. Tom can be found online at parentcoachtom.com. Steve Young has been named the Most Valuable Player of the NFL and of Super Bowl XXIX. He holds the NFL record for the highest career passer rating and won 6 NFL passing titles. He has 4 children, and currently resides in the San Francisco Bay Area.

I bought this as a baby shower gift for a member of my staff who LOVES sports. This book is really cool because these are all quotes from some of the most successful coaches from the NFL, NBA, NHL, etc. All of the quotes about leading a team are just as powerful when used to describe the leadership skills and strategies needed to be a loving, balanced parent. My employee loved this book and even his wife (who is also a huge football fan) really enjoyed it, too.

I can't really comment on the content of the book because it was a gift and I did not read it personally, but I gave this to my husband as part of a "First Time" Father's Day gift as we are expecting our first child in August. He loves sports and is excited about her arrival, so this seemed to be a perfect fit for both areas. He was genuinely surprised and excited with the book once he realized what it's contents were. I think it was a perfect gift for a new dad or expecting dad and can't wait to hear his thoughts once he's had the opportunity to read it!

Not just for dads! Awesome quotes of wisdom, teamwork, motivation & practicality found in this book. Also, you don't have to be a sports lover to enjoy this book. The quotes are NOT cheesy sport slogans. Highly recommend.

Bought this thinking it would be more substantial than it was. It turned out to just be a picture book with small quotes on one page and a picture of the coach on the other.

It's pretty much just quotes that are arranged. Not terrible by any means. I just was expecting something different. I wouldn't recommend it.

I thought there would be more meat to this book and that it would perhaps include stories, but it's really just a large book of quotes. My husband hasn't looked at it once.

This was the perfect gift for my husband. He loves it!

My coach hubby loved this.
