This has been a very helpful book so far! After reading all that Barbados has to offer we booked a trip! It offers lots of tips and insider info! Better than other books we have purchased. Includes a pretty awesome map too!

The book is OK, however the plastic cover of the book (which covers the map) fell apart immediately

when I first opened the book. It might not be a big deal, but I still feel unsatisfied for this brand-new book.

This little book was perfect for sticking in pocket or purse and had loads of detailed information about all the great places to go in Barbados. The map had enough detail to guide us. The only shortcoming was a lack of bus directions, and this is a country with great bus service. We found the bus schedules on the internet.

We haven't been to Barbados yet, but this'll guide seems like a good one for the first-time visitor" nice photos and good maps.

Received several of these books for gifts. Perfect conditon and received in a very timely manner. Would recommend this travel pack to anyone!Ã Â Barbados Travel Pack (Globetrotter Travel Packs)

We enjoyed this travel tool very much...just wish we could've been on vacay longer to use it even more! :) Wishful thinking. Also, the fold up map in the back is great!

I've not completed the book but it looks to be ideal for travel. Take it with you, refer to it often. Plastic cover to protect, very informative, great map and pictures.

We chose this book to be our tour guide while in Barbados. Very valuable resource. We used the maps, restaurant info and attraction info all the time! Never went anywhere without it. Its size made it very easy to keep in a small bag and was very portable! An excellent resource!
