EXPLODE THE CODE -- WONDERFUL SERIES TO HELP ANY CHILD OR ADULT READ WITH EASE.

LOVE ETC the code books! They are so great for teaching phonics and they keep both of my kiddos engaged!

Great book one of our teachers bought Explode the Code 2 - 5 for extra help for her students.

Helps my son learn. He has ADHD and for some reason he likes to do these products. I line these up with progressive phonics and the teacher informed me he is reading and spelling well. Great product.

Love this series. They are perfect along with any reading program you use. This is a great homeschool tool.

This was just okay for me. There just doesn't seem to be much substance to it. It is okay for review,

but not actual learning.

Great product

We love all these books. They are funny, educational, and work very well for the independent student. Will continue to buy them all.

well organized for upper elementary students
