What a find. What fun to sing the songs in this series. The songs are identical to the Soprano, Concert, Tenor book. They are in the same key with the same chords. EXCEPT, the chord chart at the top of each song is for Baritone fingering. Easy to play both books at the same time in the same room. I have the 365 and 366 Baritone books. Also have the 365 Tenor Kindle and the 366 Baritone Kindle. Would like to mention that the Kindle 366 Baritone edition is more user friendly than the

Kindle 365 Tenoredition. Still, you need good eyes to follow the Kindle in either case--Unless.....My solution to mirror the page onto my large screen TV and then everyone is happy. Very easy to read and follow.Thank you

The printed Baritone Chords makes the songs easy to play.

Great selection of songs featuring a variety of levels of chord difficulty from novice to "how do I get my fingers to do that?"

superior edition, my playing improved alot.

My second baritone ukulele book...love t!

It's as advertised. Lots more great songs from my era. The chord diagrams are very helpful

nice item. Thanks
