Modern American Remedies: Cases & Materials

Synopsis

This classroom-tested casebook provides a thorough and accessible examination of the overarching policy themes and principles behind remedies law. *Modern American Remedies: Cases and Materials*, Fourth Edition, doesn't hide the ball; students are given the information they need to participate in classroom discussions that will broaden their understanding. Among the features that make this text a success: A strong and logical organization based on remedies categories and concepts, with daily teaching units of roughly equal length, each exploring a central theme. A balanced presentation of public and private law. Explanations of basic law and economics that provide necessary background without dominating the primary themes of the book. Memorable cases and well-written notes. An excellent Teacher's Manual that includes daily teaching units, suggested assignment sheets for a variety of courses from one hour to five hours, and suggestions for teaching the cases. The carefully edited Fourth Edition features: New cases, including: o *In re September 11th Litigation* (S.D.N.Y. 2008) (on the measure of damages for the destruction of the World Trade Center) o *In re Trans World Airlines* (2d Cir. 1998) (on liquidated damages) o *Oden v. Chemung County Industrial Development Agency* (N.Y. 1995) (on modern statutes modifying the collateral source rule) o *Arbino v. Johnson & Johnson* (Ohio 2007) (on the constitutionality of damage caps) o *Whitlock v. Hilander Foods* (Ill. App. 1999) (on undue hardship) o *Almurbati v. Bush* (D.D.C. 2005) (on the ripeness of perceived threats to transfer Guantanamo prisoners to countries where they would be tortured) o *Pepsico v. Redmond* (7th Cir. 1995) (on prophylactic injunctions) o *Horne v. Flores* (U.S. 2009) (on modification of injunctions) o *eBay v. MercExchange LLC* (U.S. 2006) (on the prerequisites to an injunction, or on undue hardship, depending on the point of view) o *Winter v. Natural Resources Defense Council* (U.S. 2008) (on preliminary injunctions) o *Exxon Shipping Co. v. Baker* (U.S. 2008) (on the federal common law standard for measuring punitive damages) o *Philip Morris USA v. Williams* (U.S. 2007) (on the constitutional limits on punitive damages) o *Van de Kamp v. Goldstein* (U.S. 2009) (on prosecutorial immunity) o And more in later chapters. Substantial reworking of Chapter 8, on restitution, in light of the Restatement (Third) of Restitution and Unjust Enrichment. A thorough updating of Notes throughout and of the Teacher's Manual. *Modern American Remedies: Cases and Materials*, Fourth Edition, offers students a clear, logical approach to the study of Remedies while offering instructors a flexible approach to teaching it.

Customer Reviews

This text contains various cases, examples, and other materials regarding the subject of Remedies. Most law students take remedies towards the end of their legal education so most of the material and rules are very familiar. Remedies is a blend of damages from contracts and torts. If you have taken contracts and torts before remedies, then you will most certainly have no problem understanding the material. This text is another great casebook and the publisher does a nice job of laying out the necessary and relevant material.

This Remedies case book is most useful in demonstrating how the law effects real world cases about how and why they were decided.

Came quickly, no complaints.

old and expensive

Law school

There is a LOT of highlighting, underlining, and notes in the book. Definitely very distracting. I get that its a rental and people have used it over time, but someone should have been charged the full value for the book and kept it because the amount of notes is just insane. The person who had it before me thought EVERY single thing written down was important and required a highlight, underline, circle, or bold.

Laylock really knows his stuff. The cases are great, and the notes are extremely valuable. The issues are clearly delineated in an area that, in my opinion, is sometimes rather nuanced (such as what is the Plaintiff's Rightful Position in a dysfunctional marketplace).

One book title says "Concise" the other does not.....be careful, I received the wrong book, I needed the book that was the concise version.
