Japanese For Young People III: Kanji Workbook (Japanese For Young People Series)

Synopsis

The Association for Japanese-Language Teaching (AJALT), renowned for its Japanese for Busy People series, has developed a comprehensive course for teaching Japanese to young adults in English-speaking countries. Japanese for Young People is a three-level series, designed primarily for middle school and high school curricula (with an optional starter level for elementary students), that encourages systematic Japanese-language acquisition through an enjoyable but structured learning process. This Kanji Workbook is a fully integrated component of the Japanese for Young People series for students who want to familiarize themselves with the ninety Chinese characters introduced in the third Student Book. Fully illustrated, the Workbook uses a combination of traditional writing and reading drills and an entertaining selection of puzzles to facilitate user-friendly study for learners encountering a foreign script for the first time.
