## Customer Reviews

Borch uses a patented lamination process to cross the folds of the map, making it easier to read and even easier to refold. The tough but non-toxic lamination material degrades to oxygen and water in a landfill environment. Before then, the map is practically indestructible in your backpack or suit coat pocket, and can even be written on temporarily with dry-erase markers.

I think that the Laminate Orlando Map by Borch (english version) was very useful, despite the fact that the car I rented at Orlando International airport had a GPS. But nothing compares to a good GPS accompanied by a traditional and functional paper map, with all the details of Orlando *area*. Specially when it has been a long time since you had come to that place (in case Orlando *area*). I recommend above map to every traveller going to orlando on business or Holiday.

Excellent resource for our guests.

Nice quality and very good plastic protection. Will be able to use it for years to come, just enjoy Orlando now!
