This book is chock-full of all your favorite gruesome (and hilarious) urban-legends -- they're all here: Mikey and the pop rocks, the baby-in-the-oven, and of course, the chicken-fried-rat -- I get spine-tinglin' shivers just thinkin' about them! It's the perfect page-turner and great for slumber parties, camp fires and weenie-roasts (just be sure to check the meat!)...

I met the person who wrote this book on a plane and she gave me her book. I loved it! I let my friend burrow it and he loved it and we have another friend who wants to read it now. I would read this book again. I would like to say thank you ot the author of the book.

I'm a fan of urban legends, and have read Dr. Brunvan's books, so I picked this up for my son. We had a good time reading it (its gross in some parts, but he didn't mind!) also has an chapter by Dr.Brunvan. I'd recommend it.

My students loved this book, and the two others in this series. We did a unit on folklore, and these "modern" legends really brought the topic to life for them. Thanks to the publisher for bringing these

out.

I like R.L.Stine books and this book was like that but it was stories like that. I would tell you if you like R.L>stine books that you would like to read this and look at the pictures.
