Customer Reviews

Very simple and to the point, nothing added to the preparation of simple, wholesome food. Two of the best Greek salad recipes I have ever seen.

I love to attend the annual Greek Bazar in my city. We don't have many places where Greek food may be purchased so this book helps me to fix my own best loved foods when I am hungry for them.

I have been using recipes like this for years, but I didn't know I was cooking Greek foods! They are easy to make and delicious to eat. You will LOVE THIS BOOK too.

Some of the recipes sound tempting, but the presentation and manner in which this is written leaves much to be desired.

It's okay if you are not Greek. It does give you an intro to Greek cooking!

great

Don't know why I expected more.. But I guess you get what you pay for.. Recipes are pretty straight forward in a paperback form... I haven't used it yet..

I was born in Greece and love having this as a reference of different foods.
