Synopsis

The Best and Most Unique Travel Guide to Copenhagen & Denmark Tired of the typical boring guides? This guide tries to do the same as the "ask a local", but it is (maybe!) better organized and more complete. In all our guides, we hire a "local" writer, and then we edit to be sure that the guide is complete, unique, fun and interesting. Typically we won't add maps or photos (just a few), since you can have all that on the internet, and we like to give you only unique and original content that you won't find easily. In the first chapter of the book, you will find the most important reasons why anyone would want to visit Copenhagen and the best of Denmark. Read them and try to imagine how your own journey to this part of Italy will be like. Move on to the second chapter, in which you will find local advice for travelers coming to Copenhagen and Denmark. If you are planning on traveling under a tight budget, do not hesitate to read the third chapter, which is dedicated especially to this subject. You will be pleasantly surprised by the fourth chapter, as it provides all the basic information you need about your future travel to Copenhagen and Denmark. In the fifth chapter of the book, there is information about the different means of transportation you have available, not only in Copenhagen but all over Denmark. Find out why it is for the best to travel by train, using the online booking system offered by the national train operator. The best hotels and restaurants of Copenhagen and Denmark are covered in the sixth chapter, while the seventh chapter is dedicated to the cultural highlights that are found in the area. You will see for yourself that Copenhagen and Denmark in general have a very generous cultural event calendar, so there is always something to see or do. The eighth chapter is dedicated to those who have a passion for shopping, providing you information on the best streets for shopping in Copenhagen but also with details on the most important shopping opportunities throughout Denmark. At the end of the book, you can find a genuine yet simple portrait of Copenhagen and Denmark. This should inspire you even more to plan your trip to Denmark for the near future, as it will send a powerful message "traveling inspires even more traveling". Read this book with an open heart and be prepared to use it during your stay in Copenhagen and Denmark. Allow yourself the pleasure of trying everything that has been suggested in this book, creating thus a unique experience and memories that will keep your heart young for a long time to come. Keep in mind that Copenhagen and Denmark should be visited more than once in your life, as a single visit is not enough to take all they have to offer. Download Today!
