The Gentleman's Colouring Book: 24 Beautifully Crafted Illustrations To Colour For All Appreciators Of The Feminine Form (Gentleman's Colouring Books) (Volume 1)

Synopsis

Now the meditation of colouring images has become a corporeal delight! Lovers of the female form can now idle time away colouring 24 beautiful line illustrations drawn by Rob Hooper. Each of these line artworks were part of a series of Daily Doodles embarked upon by Rob as a discipline to better understand human anatomy and improve his skills as a commercial illustrator . To see Rob's full-colour versions please visit: www.flamingpencil.com/?page_id=1679 as inspiration for your own efforts, and feel free to share your personal efforts on this Facebook page: www.facebook.com/robsdailydoodles/ and show others what you can do! I hope colouring these images will bring as much joy to you as they brought to me. hoop(•)

Rob is a self-employed cartoonist and illustrator working from his home in Sandton, South Africa. His areas of speciality are cartoons and illustrations, storyboards, cover designs, character generation and caricatures. He enjoys learning new things and relishes opportunities to engage with new people, situations, technologies and understandings. He has contributed to many projects that have won critical acclaim including awards at the Loeries, AD&D and Canadian Art Director's Awards. He works predominantly across the internet. He promotes himself via email, his web site and social media receiving briefs and delivering most of his cartoons via email. He's also a dangerously amateur philosopher, an undisciplined reader, a really useless athlete and a pretty OK

drummer. And he talks too much... Rob's online portfolio can be seen at:

as a first effort I expect the artwork to be a bit inconsistent, and it is. but many of the images are very well drawn, and very sexy, so I'm quite happy with the overall quality of the work. I will most likely buy the second volume at some point, as I am very pleased. I will say, however, that my weapon of choice is brush-pens, and the paper stock cannot hold up to them well without bleeding through. this has forced me to pick and choose very carefully which image on either side of the page I wish to color. it would be better for pen-users like myself if the paper stock were thicker, or the images weren't printed on both sides of the page. I'm sure either of those options would increase the price, but inexpensive as it is to begin with, I would gladly fork over a couple extra bucks for something suitable for use with wet media.

I wasn't particularly impressed by the images in this book. The pages are only of one female, with no backgrounds except lines and bars.

Double sided pictures markers impossible

I like this cause I got to pract, shading. Nice content.

not quite what i expected, but will still have fun

Not bad but could definitely use some improvements. Some great and unique pinups others were lazy and seemed like filler.

There are imagines on both sides of the paper. Not very sexy or beautiful at all.

I love this coloring book. The girls are sexy and all my guy friends love when I finish coloring one. My husband does too!
