The Hunger Games Tribute Guide

Synopsis

The New York Times bestselling Hunger Games is now a major motion picture -- and here is the ultimate guide to the all the tributes in the 74th annual Hunger Games! Here is the ultimate guide to the twenty-four Tributes participating in Panem's 74th annual Hunger Games. Follow the Tributes' journey from the Reaping to the Games, with a look at all the highlights along the way--the Tribute Parade, the stations of the Training Center, the interviews, and more. Get exclusive information about the Tributes' strengths and weaknesses, their weapons of choice, and their experience in the Capitol before entering the arena.

I couldn't stop reading." —Stephen King, Entertainment Tonight "I was so obsessed with this

book that I had to take it with me out to dinner and hide it under the edge of the table so I wouldn't have to stop reading... The Hunger Games is amazing."  Stephanie Meyer "[The Hunger Games] is a great book, and very thought-provoking. Read this along with your teen and discuss it."  Charlaine Harris "Brilliantly plotted and perfectly paced."  John Green, New York Times Book Review "A plot-driven blend of suspense, science fiction, and romance."  USA Today "Enthralling, imaginative and creepy."  Los Angeles Times "superb tale"  Booklist, starred review "Readers will wait eagerly to learn more."  Publishers Weekly, starred review

Suzanne Collins is the author of the bestselling Underland Chronicles series, which started with *Gregor the Overlander*. In *The Hunger Games* trilogy, Collins continues to explore the effects of war and violence on those coming of age. Suzanne lives with her family in Connecticut.

It's a photo book with practically no information. Only a few of the tributes are even named. I know that's how it was in the movie and book, but couldn't they have at least gotten some official names made for each character instead of calling them "Tribute boy" and Tribute girl"? Surely the original book's author could have come up with some if she hasn't already. That more than anything kills the authentic feel, since this is portrayed as being a souvenir from the Capitol.

If you have read the books or watched the movies, you likely know most of what's presented in this book. If you have not seen the movies or read the books, then its a massive amount of spoilers and I would recommend actually reading/watching the series first. In which case my first complaint still applies. So overall, a good idea, but it should have showcased information that was new or, infranced based on whats already known to explain the story from a different perspective, or just in a new way.

Although some of it almost had an aura that was really meant for little kids, and it is a PG-13 movie, it was pretty fun to read, especially after you just saw the movie. The symbol for the different districts wasn't shown in the movie, so that was new. I'm kind of glad they didn't show anything after Katniss being in the tube, because some people (surprisingly) haven't seen the movie yet.

I bought my daughter (who is a Hunger Games fanatic) this book for Christmas and she read it in a day. She said it was so interesting she couldn't put it down.

It is an amazing book with great pictures and information however, it said that it was in new condition but when I received it in the mail it had scratches and scuffs that ruined the front look of the book.

well my 13yo daughter loves it, read it right away and has it on her bookshelf (if she doesn't like a book it gets giving away). she has many hunger games books and i was concerned this would not be anything new, she said it was all new, so I give five stars.

I thought there would have been more info. Really if you read the original book you would have known everything in here. I enjoyed some of the pictures, but thought it was interesting that some of the tributes aren't even named. Seemed kind of silly to me that its like a "bio" of each tribute and not all of them are named. I was really hoping there would be more movie stills of the Tributes Chariot costumes. But there wasn't :/ Not even in the movie companion did I see the pictures I was hoping for. All in all, I would say if you're a die hard fan and/or haven't actually read the book yet, it wouldn't be a bad read :)

As much as I love the Hunger Games this "guide" was a total waste of money! All it does is show you who the tributes are from each district, most without names and that you'll probably never recognize because they only have a split second in the movie. It's just a recap of the movie so I wish that I had used the money I spent on this guide just seeing the film again.
