Customer Reviews

"I found this overview of In-World, Mid-World, and End-World both entertaining and invaluable. So, I am convinced, will you." —From the Foreword by Stephen King
"Furth's concordance anticipates and answers virtually every question the Constant Reader might come up with." —Locus

Robin Furth was born and raised in Philadelphia and attended the University of Pennsylvania. While enrolled in the Ph.D. program at the University of Maine, she was introduced to Stephen King, who needed a research assistant. Her work with King as he completed the Dark Tower series produced the Dark Tower Concordance. Furth has since written the story lines for Marvel's bestselling comic book spin-off series The Dark Tower: The Gunslinger Born. She divides her time among Maine, the south of England, and Mid-World.

You want to be able to connect dots in the Stephen King book series? This is the book for you. You need an explainer on some of the things in the books? This is the book for you. If you love the King novels about Roland and his crew as much as I do this is the book for you.

This is a must have if your going to read the entire series from start to finish. It helps connect the dots of stuff that is inferred. Or if someone wanted to read an in depth summary of the entire series it would be good.

Wonderful concordance. A truly great addition to the Stephen King Dark Tower library. This book is worth every penny.

If you need or want to know just about anything concerning the Dark Tower series of novels, it is here, Wonderful!!

Excellent reference book

Stephen King describes the origin of this book, and how it came to be in existence during his venture to write the Dark Tower series. My husband is a die-hard fan of this series and after reading the forward, quickly ordered the entire set of books again so that he could re-read it, and THEN read this Concordance. He was so excited about all of the information this book has while he was skimming through it. If you are a fan of this series, you need this book!

Fantastic complement to the other The Complete Concordance of the DT. Mayhap a little heavy on "Window through the KeyHole" but that is natural considering it is S.K. new book. I have already given this book as a gift to a friend (on Kindle) since we are both fascinated with the Dark Tower. A

MUST for all DT (Constant Readers) of S. King's DT series.

Great Book, helped me to refresh on some characters and situations of the saga.
